Escape room

An exciting stag do challenge, the escape room. Bring the stag and bring your friends and put your minds to the test!

Are you good at finding clues? Do you work well in a team? Do you enjoy a good puzzle? Try one of Budapest's world renowned escape rooms. It is the perfect opportunity for you and your friends to engage in an exciting activity and see if you can solve the various riddles and logical tasks together! All escape rooms have a different theme. In one you might have to escape the Pharaoh's tomb, or look for clues in Sherlock Holmes room; the possibilities are endless!

The rooms generally grant 1 hour to complete all the tasks in order to escape, which might seem like a lot of time, but can prove to be too little if you don't have your wits about you. If you go with a larger group, you might have the advantage of being able to split up into smaller teams to save time, but lots of methods have been proven to work. Put yourself to the test but don't forget to have fun! See you on the other side!

Escape rooms have been popping up all around the globe in the past 10 years. Hungary was among some of the first countries to incorporate these games into the leisure industry, and has experienced great success ever since.
